Ms. Dispennette,

I am sorry to hear that you will no longer be participating in the Senior Outreach Advisory Committee. My records indicate that you were nominated by your community center board. Will your community center board be meeting in the near future to nominate your replacement?

Ken Morris

It is with regret that I submit my resignation from the Senior Citizen Advisory Committee. I have found that due to the meeting times of this committee, and the continuing increase of other projects that demand my time, I have been unable to attend most the meetings, and I feel someone else could better serve this committee.
